## **Oxley, Armey to Hold News Conference On Terrorism Insurance Legislation**

House Financial Services Chairman Michael G. Oxley will be joined by House Majority Leader Richard K. Armey for a news conference this afternoon to discuss the future availability and affordability of terrorism insurance.

The news conference will begin at 2 p.m. today in the House of Representatives Radio/TV Gallery (H321).

A bill introduced earlier this month by Chairman Oxley, Capital Markets Subcommittee Chairman Richard H. Baker and cosponsored by 31 Members of Congress, addresses the pending insurance problem while protecting taxpayers, policyholders and insurers.
